

Oil & Gas and Chemical

Compound two-stage capacity range

Under the MYCOM brand name, Mayekawa's compressors are in use in industrial refrigeration/freezing, heat pump, and gas markets around the world. Leveraging the thermal technology we have fostered through years of experience, we have developed compressors of the highest quality and consistency. And, having focused on prevention of global warming and ozone layer protection from an early stage, we can offer a full lineup of environmentally-friendly compressors that use natural refrigerants.
